

COLORADO

C CORPORATION 2008 INCOME TAX FORMS AND INSTRUCTIONS

1. First fill out your federal income tax return — U.S. Form 1120, or 1120A . You will need information from your federal return to complete your Colorado return.
2. If you owe the state, make your check or money order payable to the Colorado Department of Revenue. Please print the corporation's Colorado account number and "Form 112" on the check or money order.
3. Mail the return to the Colorado Department of Revenue, Denver, Colorado 80261-0006. Returns are due three and one-half months after the close of the taxable year.

CONTENTS:

Upcoming Change: For tax years beginning on or after **January 1, 2009**, Colorado will require single sales factor apportionment for all corporations. All **2008** returns (due in 2009) should be filed using the two-factor or three-factor method. Additional information can be found online at www.TaxColorado.com

EXTENSION OF TIME FOR FILING A COLORADO C CORPORATION INCOME TAX RETURN

Colorado income tax returns are due to be filed three and one-half months after the close of the tax year.

An automatic six-month extension of time for filing the Colorado corporation income tax return is allowed for all taxpayers. However, an extension of time to file is not an extension of time to pay the tax. If at least 90 percent of the net tax liability is not paid by the original due date of the return, penalty and interest will be assessed. If 90 percent or more of the net tax liability is paid by the original due date of the return and the balance is paid when the return is filed by the last day of the extension period, only interest will be assessed.

If after the original due date of the return it is found that the amount paid is insufficient to meet the 90 percent requirement, additional payment should be made as soon as possible to reduce further accumulation of penalty and interest. Make such payment with Form 158C.

A federal extension of time for filing will not be accepted for Colorado purposes.

Check online at www.colorado.gov/paytax to see if your extension payment can be made electronically.

Submit Form 158C with payment to: Colorado Department of Revenue,
Denver, Colorado 80261-0008.

DO NOT SUBMIT FORM 158C WITHOUT A PAYMENT.

2008 C CORPORATION INCOME TAX PAYMENT VOUCHER

See Instructions Below

Print the completed form and submit with your payment.

Use Form 0900C below to submit your payment if you:

- file using any electronic filing method,
- file a return containing a barcode,
- or are, for some other reason, sending your payment separate from your return.

DO NOT send another copy of your tax return with your payment because the Form 0900C contains all the information required to match your payment with your return.

Online tax payment by electronic check or credit card is coming! To find out if it's available, visit www.colorado.gov/paytax. This online service includes an administrative fee that allows Colorado.gov to deliver this

and other important services. This fee is paid to a third party that provides these services for Colorado.gov at little or no cost to the taxpayers of Colorado.

For credit card transactions, the administrative processing fee is the amount due multiplied by 2.25% plus an additional \$.75. However, if you choose to pay with cash in the form of an echeck, the administrative processing fee is discounted to \$1.00 per transaction.

INSTRUCTIONS FOR 2008 COLORADO C CORPORATION INCOME TAX RETURN, FORM 112 (S CORPORATIONS FILE FORM 106)

Filing Requirements:

Every corporation doing business in Colorado or deriving income from Colorado sources must file a corporation income tax return with Colorado. Any corporation that is exempt from federal income tax is exempt from Colorado income tax and from filing a Colorado income tax return except that it shall not be so exempt if it must file a federal return of unrelated business income. Any insurance company subject to the tax imposed on gross premiums by §10-3-209, C.R.S. is exempt from the Colorado income tax and from filing Colorado income tax returns.

Time and Place for Filing:

Returns are due on the 15th day of the fourth month following the close of the taxable year. A corporation is granted an automatic six month extension of time for filing. See Form 158C for more information on an extension.

Mail your return to: Colorado Department of Revenue,
Denver, Colorado 80261-0006.

Declaration of Estimated Tax:

Every C corporation subject to the Colorado income tax must file a declaration of estimated income tax, Form 112 EP, if its tax liability is expected to exceed \$5,000 plus estimated credits.

Additional Information Available:

The Colorado Tax Information Index, which provides easy access to forms, FYIs, statutes, regulations and other information organized by subject, is available at www.TaxColorado.com or you can call for information at (303) 238-SERV (7378).

Accounting Period and Method:

The corporation's accounting period and method for Colorado income tax purposes must be the same as for federal income tax purposes.

Colorado Account Number:

The Colorado account number is a 7-digit number that must be included in addition to the federal employer identification number. The Colorado income tax account number is the same as the corporation's sales tax or wage withholding account number.

Section A: Apportionment Of Income:

A corporation doing business in more than one state must apportion its taxable income to any states in which the corporation is doing business. This ensures tax is paid to the state in which the income is earned and taxable.

FYI 59.

Income is generally apportioned in one of two ways:

- Colorado Income Tax Act - Two factor method
- Multistate Tax Compact - Three factor method

Not Apportioning Income – A C corporation doing business only in Colorado will compute its tax on 100 percent of the Colorado taxable income.

Colorado Income Tax Act – Apportioned income under the Colorado Income Tax Act is computed using two factors; the revenue factor and the property factor. All income is apportioned using these two factors and no income is directly allocated to its source state. Complete and attach Schedule A to your return if you use this two factor apportionment method.

Multistate Tax Compact – Apportioned income under the Multistate Tax Compact is computed using three factors; the property factor, the payroll factor and the sales factor. Every corporation, other than public utilities, can elect to apportion income using this method. Business income is apportioned using the three factors. Nonbusiness income is directly allocated to the appropriate state. Complete and attach Schedule B to your return if you use this three factor apportionment method.

Gross Receipts Tax – A C corporation that performs no Colorado activities other than making sales, does not own or rent real estate in Colorado, and generates annual gross sales in Colorado of \$100,000 or less may elect to pay a tax of one-half percent of the annual gross receipts derived from the sales in Colorado in lieu of paying the normal income tax. Enter annual gross receipts on line 16, and the .5% tax on line 17. Enter "gross receipts tax" on the dotted line on lines 16 and 17. **FYI 58.**

Other Apportionment Methods – If the apportionment provisions do not fairly measure the Colorado source income, the corporation may request, or the Department may require, an alternative method to be used.

Section B: Separate, Consolidated Or Combined Filing:

There are four possible filing alternatives for C corporations. The alternatives are separate, consolidated, combined, and combined/consolidated filing. **FYI 60.**

Separate Filing – A single corporation, even if it is a member of an affiliated group, may elect to file a separate return. A single corporation may not file a separate return if it elects to be part of a consolidated return, or is required to be included in a combined filing.

Consolidated Filing – Members of an affiliated group of corporations, as defined in §1504 of the Internal Revenue Code, may elect to file a consolidated Colorado income tax return. However, only members of the consolidated group that are doing business in Colorado can be included in the Colorado consolidated filing.

An election to file a consolidated return is binding for four years and requires the consent of the members of the affiliated group that were doing business in Colorado. The making of a consolidated return shall be considered such consent.

Example: P Company, a parent corporation filing a federal consolidated return, has four subsidiaries, A, B, C, and D. The parent and the first three subsidiaries

all do business in Colorado. D does business only in Nebraska. P Company and its subsidiaries, A, B and C, may elect to file a consolidated Colorado income tax return. D may not be part of the consolidated return.

Combined Filing — An affiliated group of corporations, as defined in §39-22-303 of the Colorado Revised Statutes that meets three or more parts of the six-part intercompany business relationship test for the current year and the preceeding two years, must file a combined report.

Combined/Consolidated Filing — If an affiliated group filing a combined report has a member who files a federal consolidated return with another corporation, and that other corporation is doing business in Colorado but is not eligible to be included in the combined report, the affiliated members can elect to file a combined/consolidated filing.

Example: P Company, a parent corporation filing a federal consolidated return, has four subsidiaries, A, B, C, and D. P and the first three subsidiaries all do business in Colorado. A was acquired on January 1, 2008 and D does business only in Nebraska. P Company meets the six-part test for filing a combined report with B, C, and D. Thus, P, B, C, and D must file a combined report. A, however, does not qualify for the combined report because it has not been owned for the requisite two years. P Company may elect to file a consolidated return with A. Thus, P will be filing a combined/consolidated return: combined with B, C, and D, and consolidated with A.

Federal Taxable Income:

- LINE 1:** Enter the federal taxable income (or loss) from federal Form 1120.
- LINE 2:** Enter the federal taxable income, to the extent included in line 1, of corporations that are not included in this consolidated and/or combined return.
- LINE 3:** Reflects the federal taxable income of the federal pro-forma return for the companies included in the Colorado return.

Additions:

- LINE 4:** Enter any federal net operating loss deduction claimed in the computation of the federal taxable income. **FYI** 19.
- LINE 5:** Enter any Colorado income tax claimed as a deduction in the computation of the federal taxable income.
- LINE 6:** Enter all other additions: **FYI** 58.
- All interest income (less bond premium amortization) of the corporation from state or municipal obligations that is not included in federal taxable income. Do not include interest income from any bond or other obligation of the State of Colorado or a political subdivision thereof issued on or after May 1, 1980. The interest to be entered shall be net of any expense required to be allocated thereto by the Internal Revenue Code for federal income tax purposes. **FYI** 52.
 - Any income, war profits, or excess profits taxes paid or accrued to any foreign country or to

any possession of the United States that were claimed as a deduction on the federal return. **FYI** 58.

- Any charitable contribution deduction claimed in 2008 for the donation of a conservation easement that qualified for the gross conservation easement credit. **FYI** 39.

Subtractions:

LINE 8: Enter, to the extent included in federal taxable income, any United States government bond interest and any interest or dividend income on obligations or securities of any authority, commission, or instrumentality of the United States to the extent such interest or dividend income is exempt from state taxation by federal law. **FYI** 20.

LINE 9: Enter, to the extent included in federal taxable income, that part of foreign income that qualifies as excludable foreign source income. Excludable foreign source income means taxable income from sources without the United States as used in section 862 of the Internal Revenue Code as determined below:

- If for federal income tax purposes the corporation has elected to claim foreign taxes paid or accrued as a deduction, excludable foreign source income shall be an amount equal to such deduction.
- If for federal income tax purposes the corporation has elected to claim foreign tax paid or accrued as a credit, excludable foreign source income shall be an amount equal to foreign source income (excluding section 78 dividend gross up) multiplied by a fraction, the numerator of which is the federal foreign tax credit, and the denominator of which is the foreign source income (including section 78 dividend gross up) times the effective federal corporation income tax rate (federal corporate income tax divided by federal corporate taxable income). Excludable foreign source income may not exceed total foreign source income excluding section 78 dividend gross up. Foreign source income from a foreign corporation within an affiliated group of corporations shall be determined without regard to section 882(a)(2) of the Internal Revenue Code.

Excludable foreign source income shall also be omitted in determining the Colorado revenue factor (Schedule A) or the Colorado sales factor (Schedule B). **FYI** 58.

LINE 10: Enter, to the extent included in federal taxable income, the amount of capital gain income earned from:

- The sale of real or tangible personal property located in Colorado, or
- The sale of stock or an ownership interest in a Colorado company that has 50 percent or more of its property and payroll within Colorado,

that was acquired on or after May 9, 1994 and held continuously for at least five years prior to the date of the transaction from which the capital gains arise. You must attach Form DR1316 to the return to explain how these assets qualify for the subtraction. **FYI** 15.

LINE 11: Enter all other subtractions. **FYI** 58.

- To the extent included in federal taxable income, any refund of Colorado income tax.
- Any amount included in federal taxable income by reason of the gross-up provisions of section 78 of the Internal Revenue Code.
- The amount of any salary or wage expense not allowed as a deduction on the federal income tax return due to the provisions of the Indian employment credit, work opportunity credit, empowerment zone employment credit, orphan drug credit, credit for increasing research activities, employee retention credit, welfare-to-work credit or mine rescue team training credit.

Taxable Income:

LINE 13: Enter the net amount of line 7 minus line 12. This is the modified federal taxable income that will be the Colorado taxable income to be entered on line 14 for those corporations not permitted to apportion income away from Colorado. For those corporations that do apportion income, enter the amount from line 13 on line 1 of Schedule A or on line 6 of Schedule B.

LINE 15: Enter the Colorado net operating loss deduction. The Colorado net operating loss deduction is computed in the same manner as is the federal net operating loss deduction except that in the case of a corporation apportioning income, it is that part of the federal net operating loss, as modified, that is from Colorado sources. Colorado operating losses may be carried forward 20 years for tax years beginning on or after August 6, 1997. They may not be carried back. Federal limitations on carryover losses between predecessor and successor corporations apply for Colorado income tax purposes. **FYI** 19.

Tax

LINE 17: The Colorado tax rate is currently 4.63 %. This represents a reduction in the rate from the 1999 rate of 4.75 % and the 1998 rate of 5 %.

Credits

LINES 18 – 26: Enter the credits from Form 112CR.

LINE 29: If the corporation is required to recapture federal investment credit with respect to Colorado assets, a recapture of the "old" Colorado investment credit may be required. Include any investment credit recapture, historic property preservation credit recapture, low income housing credit recapture or any other credit recapture on this line. Attach a schedule to the return detailing the computation of the recapture amount.

LINE 31: Enter all prepayment credits.

- Any estimated tax payments made for 2008,
- That part of the 2007 overpayment, if any, that was applied to 2008,
- Any amount paid with a 2008 extension of time for filing voucher,
- Any Colorado tax withheld on the sale of Colorado real estate during the tax year on Form 1079.

Penalties And Interest

LINE 32: The delinquent filing or payment penalty is 5 % of the balance of tax due for the first month or fraction thereof plus an additional 1/2 % for each additional month or fraction thereof, not exceeding 12 % in the aggregate. The minimum penalty is \$5.00.

LINE 33: Interest accrues on any balance of tax due during 2009 at a rate of 5% per annum except that with respect to any assessment not paid within 30 days of date of billing, interest will be due at an 8% annual rate.

LINE 34: If the corporation is assessing itself an estimated tax penalty attach a copy of Form 205 to the return. Include penalty and interest amounts from lines 32-34 in the amount owed on line 35.

Refund

LINE 37: Enter the amount of any overpayment you wish to have credited to the corporation's 2008 estimated taxes.

LINE 38: Enter the amount of any overpayment you wish to have refunded.

Sections C-G: Corporate Information

Enter the requested corporate information on lines C through G.

Signatures

The law requires the return to be signed under the penalties of perjury by the president, vice-president, treasurer, assistant treasurer, chief accounting officer, or other officer duly authorized to act. In cases where receivers, trustees in bankruptcy, or assignees are operating the property or business of corporations, such receivers, trustees, or assignees shall make returns for such corporations in the same manner and form as corporations are required to make returns.

Changes In Federal Income

Any adjustment made by federal amended returns must be reported and the Colorado income tax adjusted accordingly on Form 112X, the amended corporation income tax return. Likewise, any adjustments made by the Internal Revenue Service must be reported to Colorado on Form 112X. If the corporation operates in two or more states, to simplify the amended return filing requirement, the corporation can mail the revenue agent's report separately (must not be attached to the return) to the Colorado Department of Revenue, Denver, Colorado 80261-0005. Include the Colorado account number on the report.

The statute of limitations will not apply if the taxpayer fails to disclose any adjustments made on federal returns and fails to submit copies of the federal agent's reports.

**DO NOT SEND FEDERAL RETURN,

PHOTOCOPY AND ATTACH ADDITIONAL PAGES AS NEEDED

INSTRUCTIONS FOR SCHEDULE C

Schedule C must be completed if the corporation for which the return is filed owned a) more than 50 percent of the stock of another corporation or, b) more than 50 percent of the stock of the corporation for which the return is filed was owned by another corporation.

Enter information for the common parent on line 1. Lines 2 through 7 are for subsidiary corporations. Photocopy and attach additional sheets if necessary.

Columns A Through C:

Enter the corporation's name, address, Colorado ID number and federal employer ID number.

Column D:

Taxpayers who are affiliated corporations, as described above, and who have more than 20 percent of their property and payroll located within the United States must complete Column D.

The blocks in Column D are numbered from one (1) to six (6) and correspond to the six numbered intercompany business relationships described below. For each affiliate listed on Schedule C, mark yes (Y) or no (N) in the blocks of Column D, to indicate whether the below described intercompany business relationships did or did not exist during the tax year and the two preceding tax years.

Intercompany Business Relationships:

1. Is 50 percent or more of the corporation's gross receipts from sales or leases to other affiliates or is 50 percent or more of the corporation's cost of goods sold or leased from other affiliates?
2. Does the corporation receive 50 percent or more of the total annual value of each of five or more of the following services from other affiliates: advertising and public relations; accounting and bookkeeping; legal; personnel; sales; purchasing;

research and development; insurance; employee benefit programs? Do not count services which are provided at an "arm's length charge." (See U.S. Treasury Regulation 1.482(b)(3).)

3. Is 20 percent or more of the corporation's long-term debt owed to or guaranteed by other affiliates? Is 20 percent or more of any other affiliates long-term debt owed to or guaranteed by the corporation?
4. Does the corporation use patents, trademarks, service marks, logos, trade secrets, copyrights or other proprietary materials owned by other affiliates? Does the corporation own patents, trademarks, service marks, logos, trade secrets, copyrights, or other proprietary materials that are used by other affiliates?
5. Are 50 percent or more of the members of the corporation's board of directors also members of the board of directors or corporate officers of other affiliates?
6. Are 25 percent or more of the corporation's twenty highest ranking officers also members of the board of directors or corporate officers of other affiliates?

Column E:

Check the block in Column E if the corporation is included in a combined report. Corporations included in a combined report must have answered yes (Y) to three or more of the intercompany business relationships referred to in Column D.

Columns F through I:

Enter corporation's owner number, whether or not there was a change in ownership, ownership percentage and principal business activity.

INSTRUCTIONS FOR FORM 112CR

Priority Of Credits

The law provides that the new Investment Tax Credit (ITC) is limited to the tax liability remaining after the old ITC. Otherwise, the taxpayer may choose the sequence in which the credits are claimed. Particular attention should be paid to the carryback and carryover features of the various credits.

The New Investment Tax Credit

A new Colorado ITC is allowed in an amount equal to 1 percent of the total qualified investment as determined under section 46(c) of the internal revenue code in qualified property as defined in section 48 of the internal revenue code as such sections existed prior to the Revenue Reconciliation Act of 1990. **FYI** 11.

The new ITC is basically 10 percent of what the federal regular percentage ITC would be if it were still in effect.

The new ITC is limited to \$1,000 reduced by the amount of the old ITC claimed for the same tax year.

Any excess new ITC remaining may be carried forward for a period of three years. It may not be carried back to an earlier year.

The new Colorado ITC is allowed only with respect to assets located within Colorado. If qualifying property is located both within and without Colorado during the tax year, the credit shall be apportioned based on the time of usage of such property in Colorado during the tax year as compared with the total time of usage of such property everywhere during the tax year unless the taxpayer can justify a more equitable apportionment method.

All Internal Revenue Code section 46 (as such section existed prior to 1990) restrictions on qualified investment apply for purposes of the new ITC. For example, only a fraction of the basis or cost of assets that have a useful life of less than seven years qualifies for the credit, only \$150,000 of used property may qualify for the credit, and any amounts expensed under section 179 of the Internal Revenue Code do not qualify.

LIMITATION: The total credits you claim on lines 7, 17, 27, 37, 43, 56, 57, 58, 59, 60, 61, and 74 of this Form 112CR may not exceed the tax on Line 1. If you have excess credits, you must choose which credits you are going to use against your 2008 tax and enter those amounts on the appropriate lines of Form 112. As a general rule, most unused 2008 credits may be carried forward and claimed on your 2009 Colorado Income Tax Return.

Credits to be carried forward to 2009:

Enterprise Zones

An enterprise zone is an economically distressed area of Colorado in which special tax incentives are offered to businesses that expand or locate in the zone. The purpose of the tax incentives is to create new jobs and investments in the zone. See **FYI** General 6 for information regarding the location of the enterprise zones.

Enterprise Zone Investment Tax Credit

In lieu of the old Colorado investment tax credit (ITC) with respect to such property, there shall be allowed to any person a Colorado income tax credit in an amount equal to three percent of the qualified investment (as defined in section 46 of the internal revenue code) in section 38 property (defined in section 48 of the internal revenue code) as said sections 46 and 48 existed prior to the enactment of the federal Revenue Reconciliation Act of 1990 to the extent such property was used solely and exclusively in a Colorado enterprise zone during the first twelve months of ownership of such property by the taxpayer.

Section 38 property is basically tangible personal property which is either (federal) recovery property or other depreciable or amortizable property having a useful life of three years or more used in the taxpayer's trade or business. Only 60 percent of the investment in 3-year recovery property qualifies for the credit. The qualified investment in used property is limited to \$150,000 per year, and any amounts expensed under section 179 of the internal revenue code do not qualify for the credit. Under certain circumstances the taxpayer may claim the credit on leased property.

The enterprise zone ITC may be claimed in an amount equal to the first \$5,000 of tax liability plus 50 percent of the tax liability in excess of \$5,000. Enterprise zone ITC earned in tax years beginning on or after January 1, 1996 may be carried back 3 years and forward 12. Enterprise zone ITC earned in tax years prior to January 1, 1996 may be carried back 3 years and forward 7.

Any taxpayer claiming an enterprise zone ITC of \$450 or more must submit with its income tax return a certificate from the zone administrator (Form DR 0074) to the effect that the taxpayer's business is located in the enterprise zone. **FYI** 11.

Enterprise Zone New Business Facility Employee Credits

Only taxpayers who establish a new business facility or expand an existing facility in an enterprise zone may claim the new business facility employee credits. These credits may not be claimed with respect to facilities that were in place prior to the establishment of the zone except for a qualified expansion.

- **Basic employee credit.** Taxpayers which establish a new business facility may claim a credit of \$500 for the first twelve month period they employ a qualified new business facility employee. For subsequent tax periods, they are allowed to claim this credit with respect to the increase in the average number of enterprise zone new business facility employees. An additional \$2,000 credit for each new business facility employee is available to businesses located in an enhanced rural enterprise zone.
- **Agricultural processing employee credit.** Any taxpayer who operates a business within an enterprise zone which adds value through manufacturing or

processing to agricultural commodities can claim an additional \$500 employee credit. An additional \$500 credit for each new business facility agricultural processing employee is available to businesses located in an enhanced rural enterprise zone. Only businesses directly engaged in manufacturing or processing agricultural commodities into some form other than that which enters normal agricultural commodity marketing channels qualify for this special incentive. Harvesting, cleaning, packaging, storing, transporting, wholesaling, retailing, or otherwise distributing products without changing their form do not qualify.

- **Health Insurance credit.** An enterprise zone taxpayer can qualify for a credit of \$200 for each new business facility employee who is insured under a health insurance plan or program provided through the employer. Any health insurance, health maintenance organization, or prepaid health plan which is approved by the State Insurance Commissioner for sale in Colorado qualifies. The employer must contribute 50 percent or more of the total cost of the plan. A qualifying taxpayer may claim this credit for the first two full income tax years after the facility is completed or acquired within an enterprise zone.

In order to claim the enterprise zone new business facility employee credits, the taxpayer must submit with its return a certification from the zone administrator (Form DR 0074). **FYI** 10.

Contributions To Enterprise Zone Administrator Credit

The credit for contributions to an enterprise zone administrator to further the economic development plan of the zone is allowed at 25 percent for cash contributions, 12.5 percent for in-kind contributions, and a blended percentage for combined cash/in-kind contributions. **FYI** 23.

The certificate(s) of contribution (Form DR 0075) furnished to you by the zone administrator or the program, project or organization will show the amount of your contributions that qualify for the 25 percent cash–12.5 percent in-kind credit. Form DR 0075 must be attached to Form 112.

The contribution credit is subject to the following rules:

1. The amount of credit generated in any one tax year may not exceed \$100,000.
2. The amount of credit generated in excess of the credit claimed may be carried forward for up to 5 years.
3. The credit is limited to 25 percent of the total value of the contribution.
4. Credit for in-kind contributions are limited to one-half the credit allowed for cash contributions of the same value.
5. If a taxpayer has both cash and in-kind contributions during a tax year, credit for cash contributions may be allowed at up to 100 percent but only to the extent necessary to bring the total credit up to 25 percent of the value of the combined contributions.
6. Credit will not be allowed for contributions that directly benefit the contributor or that are not directly related to job creation, job preservation, child-care promotion or for temporary, emergency or transitional housing programs which promote employment for homeless persons.

Enterprise Zone Vacant Commercial Building Rehabilitation Credit

A 25 percent credit is available for rehabilitating commercial buildings in an enterprise zone which are at least 20 years old and which have been vacant for at least two years. **FYI** 24.

Enterprise Zone Research and Experimental Activities Credit

Taxpayers who make research and experimental expenditures in an enterprise zone are entitled to a credit in the amount of 3 percent of such current year expenditures in excess of the average of such expenditures for the two preceding tax years. **FYI** 22.

Enterprise Zone Job Training Credit

A credit of 10 percent of the total current year investment in a qualified job training program for employees working predominantly within an enterprise zone is available. **FYI** 31.

Rural Technology Enterprise Zone Credit Carryforward

Credits from 1999 - 2004 in excess of the tax due can be carried forward for 10 years. **FYI** 36.

Alternative Fuel Refueling Facility Credit

A 50 percent credit is available for the construction, reconstruction or acquisition of an alternative fuel refueling facility. **FYI** 9.

Gross Conservation Easement Credit

A credit based on the value of a donated conservation easement in Colorado is available. Attach a copy of Form DR1305 to Form 112 when claiming this credit. Additional documentation is required if the corporation donated the easement during the tax year. **FYI** 39.

The Old Investment Tax Credit

The old investment tax credit is the sum of the old investment tax credit carry over, the current year old investment tax credit and the old investment tax credit carry back. The current year credit is 10 percent of the federal current year rehabilitation, energy and reforestation investment credit on assets located in Colorado. The credit is limited to the first \$5,000 of tax liability plus 25 percent of the tax in excess of \$5,000. Excess credit may be carried back three years and forward seven. **FYI** 11.

Crop And Livestock Contribution Credit

A 25 percent credit is available for the donation of crops or livestock to a charitable organization. **FYI** 57.

Historic Property Preservation Credit

A credit of 20 percent of the cost of restoring certified historic property in Colorado is available. **FYI** 1.

Child Care Contribution Credit

A 50 percent credit is available for qualifying contributions made to promote child care in Colorado. **FYI** 35.

Child Care Facility Investment Credit

A 20 percent investment credit is available for certain tangible personal property used in the operation of a child care center, a family child care home, or a foster care home. **FYI** 7.

Employer Child Care Facility Investment Credit

A 10 percent investment credit is available for employer sponsored child care facility investment. **FYI** 7.

School-to-career Investment Credit

A credit of 10 percent of the current year investment in a qualified school-to-career program is available. **FYI** 32.

Colorado Works Program Credit

A credit of 20 percent of an employer's expenditures to employ recipients of public assistance is available. **FYI** 34.

Contaminated Land Redevelopment Credit

A 20 percent – 50 percent credit is available for expenditures made to redevelop contaminated land in Colorado. **FYI** 42.

Low-Income Housing Credit

A credit is available for owners of qualified low-income housing developments. You must attach a copy of your credit certification from the Colorado Housing and Finance Authority to claim this credit. **FYI** 46.

Weather Related Livestock Sale Credit Carryforward

Credits from 2002 and 2003 in excess of the tax due can be carried forward for 5 years. **FYI** 55.

Aircraft Manufacturer New Employee Credit

A credit is available to qualified aircraft manufacturers located in an aviation development zone. **FYI** 62.

FYIs are available at www.TaxColorado.com
